25				Volunteers are not as knowledgeable or helpful as staff. If you want to extend the hours then use trained library staff to run a proper, professional service, not volunteers. This comes across more like wanting to relocate for the sake of cost cutting,	04/04/19 09:33	0.1	Submitted	web

				use it as often. That said I do reserve books online for collection so could continue to do so.				
5				I am autistic and have learning difficulties ( my mum is writing this for me) I can visit the library on my own where it is. I don't like change and I am worried that there won't be as many children's books in the library if it is in the old post office . I am worried about the library not being by park school any more	01/04/19 16:23	0.1	Submitted	web
6				It would be really convenient to have the library on the high street; I think there would be a lot more passing foot traffic in this location too	01/04/19 17:19	0.1	Submitted	web
7				It's very convenient to park at the current location when I take the children on a saturday morning, is there adequate parking near the town hall. Apologies I'm not 100% sure where this is, we're new to the area.	01/04/19 17:20	0.1	Submitted	web
9				My concern is that the number of books would be reduced so there is less to chose from. My children use the library quite a bit and it would definitely affect our use if less to chose from especially reference books. A stronger connection with the schools	01/04/19 17:55	0.1	Submitted	web

				would be good so that more books could be brought in related to the topics, like Romans, rivers and world war two.				
10				We need as a society to keep Libraries open and viable. The move will allow this. It will make the Library and its services more visible and allow residents to access the service. Libraries must be encouraged and supported by all.	01/04/19 18:32	0.1	Submitted	web
11				I think this is a GREAT idea! We will visit at least once a week and if the pre-school/school aged groups are good we will come more often. We have a teacher for our children who will use this more as well. Please please let this go ahead! A home education session in the early afternoon would also be FANTASTIC!!	01/04/19 20:18	0.1	Submitted	web
15				I have spoken to quite a few people who live in Stonehouse and don't even know where it is. With it being moved to the High Street, everyone will then know where it is and will no doubt use it more often. I know I definitely will.	02/04/19 08:52	0.1	Submitted	web

				visiting the town. If it moves to the High Street, and has longer opening hours, I will definitely use it a lot more.				
18				If it means extended opening hours it can only be a good thing. Stonehouse library is a wonderful facility for the town and we need to keep it open, wherever it is sited.	02/04/19 13:36	0.1	Submitted	web
20				You were considering this when the Post Office closed in its previous location. The building is magnificent spacious in a central location disabled access & parking makes complete sense to combine the Council office information centre & library in one building. This should have achieved 2 years ago & saving the district money trying to maintain a property that would be best demolished.I vote for the proposal 100%.	02/04/19 20:49	0.1	Submitted	web
22				I think this would be a fantastic move for the library and we would definitely visit more as a result.	03/04/19 11:58	0.1	Submitted	web
23				I think the library is well placed at the moment near the primary school and the council estate. I do not think the building is dark! It just needs some refurbishing. The move to the Town Hall will reduce the amount of space	03/04/19 13:04	0.1	Submitted	web

				available in the library. There is nowhere to park nearby. The move to the Town Hall is better than no library at all but its a backward step from a purpose built library. I think we should invest in more paid staff to provide a proper service not rely on volunteers.				
26				I live very close to the current library - my children enjoy borrowing books to read and I have been considering joining the baby group there. I do agree that the current building is very dated so fully understand that a move is the best option. I just stress however that the town council keep in mind the beat space for various activities and choosing the right building for it. One of the empty banks would be a good option rather than the previous post office which isn't a very big space. A lego club my 7yr old would love, and continued baby groups would be brilliant. I wouldn't mind going into the town itself for a nice space to use during the time we visit. Also facilities to make yourself a hot drink or warm baby's bottle if needed would be brilliant. So a few hours could be spent there rather than a quick visit to grab a few borrowed books.	04/04/19 12:20	0.1	Submitted	web

27				I would urge the planners consider allowing adequate space. I regularly enjoy using the existing library as a Saturday activity with my children. There's enough space and a relaxed and quiet environment. We normally spend an hour there quietly reading. I regularly use the app to reserve and renew books.	04/04/19 12:41	0.1	Submitted	web
29				I can't visit the library now as it is rarely and infrequently open. It would be nice to have it moved to our empty high street and hopefully be open a little more often.	04/04/19 13:15	0.1	Submitted	web
31				I use the library now as it's in walking distance for my small children. We would still use the library if it moved but probably not as much. I prefer it where it is now, but as long as we still keep it open I'm happy to use it wherever it is. I would like it to be open a bit more, we struggle to use it because of the opening times.	04/04/19 13:30	0.1	Submitted	web

				Stonehouse 10 years ago. The reasons for not going since is the building isn't appealing to want to visit.				
34				I think that a more prominent location in the centre of town, as proposed, would increase the library's visibility and may have a positive impact on usage.	04/04/19 17:11	0.1	Submitted	web
37				It would be fantastic for the library to be in a better venue where attentional hours could be added.	04/04/19 18:46	0.1	Submitted	web

46				I support the re location of the library to a more central position in the town and extending it to become more of a community hub. More opening times would be very welcome. Recruitment of local volunteers could help with this?	06/04/19 12:14	0.1	Submitted	web

66				The current location is in need of repairs and must be expensive to maintain. The current council offices are not fully utilised.	11/04/19 15:34	0.1	Submitted	web
69				This situation has occurred due to long standing lack of investment in the library in Stonehouse. The town is being held hostage and black marked by this proposal. At the minimum the county council should send a representative to talk at public meetings and take questions, comments and observations.	11/04/19 15:57	0.1	Submitted	web
71				I take my Grandson once a week to the Library, to read and borrow books. The building is not great! If the library moves we could walk and leave the car at home, and even go to the cafe afterwards.	13/04/19 16:31	0.1	Submitted	web
72				The relocation of the library would make it highly inconvenient for my personal use. As it is, the library is close to my house and I walk past it twice daily both to and from work. It also takes no time at all to pop in on a Saturday. The relocation would mean having to travel much further to reach the library, and I am no longer likely to visit 'on a whim'	15/04/19 10:25	0.1	Submitted	web

113				I believe that had the Library building been correctly maintained there would have been no need to move into the Town Hall. The current site is convenient for younger users (being close to Playgroup, Infant and Junior Schools) and residents of Park Estate. These users will find it less easy to use the Library if it moves to the Town Hall so demand may be reduced. I'm currently unable to volunteer but the present location is not an impediment.	03/05/19 10:47	0.1	Submitted	web

125				Where would people park? Stonehouse is often extremely congested, particularly at school and work times. I cannot see people paying in the car park to borrow a book. On road parking is very hit and miss.	04/05/19 17:01	0.1	Submitted	web

155				The main issue I would raise is with regards to parking. People will park on Queens Road as they used to when the Post Office was using the building. The way people park on the road can be dangerous especially when parking close to the junction with the main road. And NO - people won't use the main car park in town and walk along - people can be lazy!	21/05/19 13:31	0.1	Submitted	web

156				I have never visited the library in its current location because it is so out of the way. I will be far more likely to use it if it were to relocate to the town hall. I would love for this to happen.	21/05/19 20:07	0.1	Submitted	web

However, I am aware that for a lot of people who live at the further end of town, where the library has been located, it will be much harder to reach, as they probably don't come as far into town in their day-to-day lives, and it may be that their need for it is greater than mine.	24/05/19 20:21	0.1	Submitted	web
