But this would be kept under review	To be kept under review during 2016

Diversification of investments across asset classes and across different fund managers	3	3	amber	9 →	Medium	Financial	Head of Pension Fund	January 2016				
F6	01/04/2014	Pay and price inflation significantly more than anticipated.	The achievement of fully funded pension liabilities over the long term	4	2	8	The focus of the actuarial valuation process is on real returns on assets, net of price and pay increases. Inter-valuation monitoring, as above, gives early warning. Some investment in index-linked bonds also helps to mitigate this risk. Employers pay for their own salary awards and should be mindful of the geared effect on pension liabilities of any bias in pensionable pay rises towards longer-serving employees.	3	2	green	6 →	Medium	Financial	Head of Pension Fund	January 2016
