Resource Implications	<p>JWT Officer time to develop a tipping away policy – managed within existing revenue budgets.</p> <p>No direct financial expenditure resulting from this report.</p>

1. Background

1.1 On 10th October 2018, Gloucestershire County Council's Cabinet authorised a consultation exercise with Waste Collection Authorities within Gloucestershire on the development of a waste tipping away policy. The draft policy is based on the model developed by the National Association of Waste Disposal Officers.

1.2 The consultation has now been issued and will remain open for a period of six weeks (until 2nd January 2019). The supporting document is appended at appendix 1 for reference.

2. Responses

2.1 Each Gloucestershire Waste Collection Authority has been invited to respond via an online link: https://gloucestershire-consult.objective.co.uk/public/waste/waste_management_tipping_away_policy_consultation_1

2.2 Today's meeting of the Gloucestershire Joint Waste Committee (GJWC) provides an opportunity to raise any questions and points of clarification, ahead of submitting responses to the county council.

2.3 Members of the GJWC are asked to raise awareness of the consultation within their constituent authorities and request that a response be submitted. Joint Waste Team Officers will be designated to support each GJWC partner council in developing its response.
