

Please see the attached letter and the email below. Stroud Town Council staff who are members of the pension scheme would like to raise the following questions to the next Pensions Committee meeting on 24th September 2021.

1. How much of the Gloucestershire County Council Pension Scheme fund is currently invested in fossil fuels?
2. Will the Committee pass a motion, or make a recommendation to Full Council, committing to reducing the zero the Gloucestershire County Council Pension Fund's holdings in companies whose main business is the production and distribution of fossil fuels, by a definite date?
3. Will the Committee ask the Brunel Partnership to make available investment opportunities across the various asset classes which would entirely avoid the financial risks of investment in companies whose main business is fossil fuels? (This could be achieved if the promised 'Paris-aligned portfolio' were to exclude investment in such companies.)

Kind regards

Town Clerk

Stroud Town Council
