

Agenda Item:

Audit and Governance Committee

21st January 2022

| | |
|--------------------------|--|
| Title of Report | Appointment of External Auditors for Statement of Accounts |
| Purpose of Report | To outline options for the appointment of the Council's external audits for a five year period commencing with the 2023/24 Statement of Accounts and allow the Committee to recommend to Council the preferred appointment process. |
| Recommendations | That the Committee recommends to Full Council for consideration at its meeting scheduled for 16 th February 2022 acceptance of the Public Sector Audit Appointments' invitation to opt into the sector-led option for the appointment of external auditors to principal local government and police bodies for five financial years from 1 April 2023. |
| Contacts | Steve Mawson, Executive Director of Corporate Resources (01452) 425557 steve.mawson@gloucestershire.gov.uk Paul Blacker, Director of Finance (01452) 328999 Paul.blacker@gloucestershire.gov.uk Jayne Fuller, Corporate Finance Manager (01452) 328926 jayne.fuller@gloucestershire.gov.uk |

Background and summary

1. The current auditor appointment arrangements cover the period up to and including the audit of the 2022/23 accounts. The Council opted into the 'appointing person' national auditor appointment arrangements established by Public Sector Audit Appointments (PSAA) for the period covering the accounts for 2018/19 to 2022/23. The Council's current external auditor is Grant Thornton and have undertaken this role since 2012/13.
2. During Autumn 2021 all local government bodies need to make important decisions about their external audit arrangements from 2023/24. They have options to arrange their own procurement and make the appointment themselves or in conjunction with other bodies, or they can join the national collective scheme administered by PSAA.
3. The report concludes that the sector-wide procurement conducted by PSAA will produce better outcomes and will be less burdensome for the Council than a procurement undertaken locally because:
 - collective procurement reduces costs for the sector and for individual authorities compared to a multiplicity of smaller local procurements;
 - if it does not use the national appointment arrangements, the Council will need to establish its own auditor panel with an independent chair and independent members to oversee a local auditor procurement and ongoing management of an audit contract;
 - it is the best opportunity to secure the appointment of a qualified, registered auditor - there are only nine accredited local audit firms, and a local procurement would be drawing from the same limited supply of auditor resources as PSAA's national procurement; and
 - supporting the sector-led body offers the best way of ensuring there is a continuing and sustainable public audit market into the medium and long term.
4. If the Council wishes to opt in to the national auditor appointment arrangements, it is required under the local audit regulations to make the decision at full Council. The opt-in period starts on 22 September 2021 and closes on 11 March 2022. To opt into the national scheme from 2023/24, the Council needs to return completed opt-in documents to PSAA by 11 March 2022.

Recommendation

5. That the Council accepts Public Sector Audit Appointments' invitation to opt into the sector-led option for the appointment of external auditors for the five financial years from 1 April 2023.

Procurement of External Audit for the period 2023/24 to 2027/28

6. Under the Local Government Audit & Accountability Act 2014 (“the Act”), the council is required to appoint an auditor to audit its accounts for each financial year. The council has three options;
 - To appoint its own auditor, which requires it to follow the procedure set out in the Act.
 - To act jointly with other authorities to procure an auditor following the procedures in the Act.
 - To opt in to the national auditor appointment scheme administered by a body designated by the Secretary of State as the ‘appointing person’. The body currently designated for this role is Public Sector Audit Appointments Limited (PSAA).
7. In order to opt in to the national scheme, a council must make a decision at a meeting of the Full Council.

The Appointed Auditor

8. The auditor appointed at the end of the procurement process will undertake the statutory audit of accounts and Best Value assessment of the council in each financial year, in accordance with all relevant codes of practice and guidance. The appointed auditor is also responsible for investigating questions raised by electors and has powers and responsibilities in relation to Public Interest Reports and statutory recommendations.
9. The auditor must act independently of the council and the main purpose of the procurement legislation is to ensure that the appointed auditor is sufficiently qualified and independent.
10. The auditor must be registered to undertake local audits by the Financial Reporting Council (FRC) and employ authorised Key Audit Partners to oversee the work. As the report below sets out there is a currently a shortage of registered firms and Key Audit Partners.
11. Auditors are regulated by the FRC, which will be replaced by a new body with wider powers, the Audit, Reporting and Governance Authority (ARGA) during the course of the next audit contract.
12. Councils therefore have very limited influence over the audit services they are procuring - the nature and quality of which are determined or overseen by third parties.
13. The final decision on the audit firm appointed rests with PSAA. Councils can’t stipulate that any particular firm must or must not be appointed however on receiving our opt in notification PSAA will ask if there are any shared or joint working arrangements that exist which would benefit from the appointment of the same audit firm. For example we work closely with Gloucestershire Clinical Commissioning Group (GCCG) and have a number

of joint funding arrangements so it makes sense for both organisations to have the same auditor. This is the current arrangement. Therefore if Council and GCCG both opt in to the PSAA arrangement it is proposed that we request the same auditor as the GCCG.

14. PSAA would also ask if there are any conflicts of interest or other reasons which should be taken into consideration when deciding on the allocation of an audit firm.
15. PSAA would take these issues into consideration when making the appointment but it must be stressed that the final decision is deliberately delegated to PSAA to ensure that the appointment process is independent of the Council.
16. One of the objectives of the process is to provide continuity of audit firm where appropriate. The general policy of PSAA is that audit firm appointments to an individual body are not expected to exceed a term of 20 years – although they do favour shorter terms. Grant Thornton have been our auditors since 2012/13 – so for a period of 11 years by the time the current contract expires and 16 years if they are appointed under this procurement round. This is well within the 20 year maximum term recommended by PSAA. Therefore it is not proposed to make a request to exclude Grant Thornton from being appointed as our auditors.

Appointment by the Council itself or jointly

17. The Council may elect to appoint its own external auditor under the Act, which would require the council to;
 - Establish an independent auditor panel to make a stand-alone appointment. The auditor panel would need to be set up by the Council itself, and the members of the panel must be wholly or a majority of independent members as defined by the Act. Independent members for this purpose are independent appointees, excluding current and former elected members (or officers) and their close families and friends. This means that elected members will not have a majority input to assessing bids and choosing to which audit firm to award a contract for the Council's external audit.
 - Manage the contract for its duration, overseen by the Auditor Panel.
18. Alternatively, the Act enables the Council to join with other authorities to establish a joint auditor panel. Again, this will need to be constituted of wholly or a majority of independent appointees. Further legal advice would be required on the exact constitution of such a panel having regard to the obligations of each Council under the Act and the Council would need to liaise with other local authorities to assess the appetite for such an arrangement.

The national auditor appointment scheme

19. PSAA is specified as the 'appointing person' for principal local government under the provisions of the Act and the Local Audit (Appointing Person) Regulations 2015. PSAA let five-year audit services contracts in 2017 for the first appointing period, covering audits of

the accounts from 2018/19 to 2022/23. It is now undertaking the work needed to invite eligible bodies to opt in for the next appointing period, from the 2023/24 audit onwards, and to complete a procurement for audit services. PSAA is a not-for-profit organisation whose costs are around 4% of the scheme with any surplus distributed back to scheme members.

20. In summary the national opt-in scheme provides the following:

- the appointment of a suitably qualified audit firm to conduct audits for each of the five financial years commencing 1 April 2023;
- appointing the same auditor to other opted-in bodies that are involved in formal collaboration or joint working initiatives to the extent this is possible with other constraints;
- managing the procurement process to ensure both quality and price criteria are satisfied. PSAA has sought views from the sector to help inform its detailed procurement strategy;
- ensuring suitable independence of the auditors from the bodies they audit and managing any potential conflicts as they arise during the appointment period;
- minimising the scheme management costs and returning any surpluses to scheme members;
- consulting with authorities on auditor appointments, giving the Council/Authority the opportunity to influence which auditor is appointed;
- consulting with authorities on the scale of audit fees and ensuring these reflect scale, complexity, and audit risk; and
- ongoing contract and performance management of the contracts once these have been let.

Pressures in the current local audit market and delays in issuing opinions

21. Much has changed in the local audit market since audit contracts were last awarded in 2017. At that time the audit market was relatively stable, there had been few changes in audit requirements, and local audit fees had been reducing over a long period. 98% of those bodies eligible opted into the national scheme and attracted very competitive bids from audit firms. The resulting audit contracts took effect from 1 April 2018.

22. During 2018 a series of financial crises and failures in the private sector year led to questioning about the role of auditors and the focus and value of their work. Four independent reviews were commissioned by Government: Sir John Kingman's review of the Financial Reporting Council (FRC), the audit regulator; the Competition and Markets Authority review of the audit market; Sir Donald Brydon's review of the quality and effectiveness of audit; and Sir Tony Redmond's review of local authority financial reporting and external audit. The recommendations are now under consideration by

Government, with the clear implication that significant reforms will follow. A new audit regulator (ARGA) is to be established, and arrangements for system leadership in local audit are to be introduced. Further change will follow as other recommendations are implemented.

23. The Kingman review has led to an urgent drive for the FRC to deliver rapid, measurable improvements in audit quality. This has created a major pressure for audit firms to ensure full compliance with regulatory requirements and expectations in every audit they undertake. By the time firms were conducting 2018/19 local audits during 2019, the measures they were putting in place to respond to a more focused regulator were clearly visible. To deliver the necessary improvements in audit quality, firms were requiring their audit teams to undertake additional work to gain deeper levels of assurance. However, additional work requires more time, posing a threat to the firms' ability to complete all their audits by the target date for publication of audited accounts. Delayed opinions are not the only consequence of the FRC's drive to improve audit quality. Additional audit work must also be paid for. As a result, many more fee variation claims have been needed than in prior years.
24. This situation has been accentuated by growing auditor recruitment and retention challenges, the complexity of local government financial statements and increasing levels of technical challenges as bodies explore innovative ways of developing new or enhanced income streams to help fund services for local people. These challenges have increased in subsequent audit years, with Covid-19 creating further significant pressure for finance and audit teams.
25. None of these problems is unique to local government audit. Similar challenges have played out in other sectors, where increased fees and disappointing responses to tender invitations have been experienced during the past two years.

The invitation

26. PSAA is now inviting the Council to opt in for the second appointing period, for 2023/24 to 2027/28, along with all other eligible authorities. Based on the level of opt-ins it will enter into contracts with appropriately qualified audit firms and appoint a suitable firm to be the Council's auditor. Details relating to PSAA's invitation are provided in Annex 1 to this report.

The next audit procurement

27. The prices submitted by bidders through the procurement will be the key determinant of the value of audit fees paid by opted-in bodies. PSAA will:
 - seek to encourage realistic fee levels and to benefit from the economies of scale associated with procuring on behalf of a significant number of bodies;

- continue to pool scheme costs and charge fees to opted-in bodies in accordance with the published fee scale as amended following consultations with scheme members and other interested parties (pooling means that everyone within the scheme will benefit from the prices secured via a competitive procurement process – a key tenet of the national collective scheme);
- continue to minimise its own costs, around 4% of scheme costs, and as a not-for-profit company will return any surplus funds to scheme members. In 2019 it returned a total £3.5million to relevant bodies and in 2021 a further £5.6million was returned.

28. PSAA will seek to encourage market sustainability in its procurement. Firms will be able to bid for a variety of differently sized contracts so that they can match their available resources and risk appetite to the contract for which they bid. They will be required to meet appropriate quality standards and to reflect realistic market prices in their tenders, informed by the scale fees and the supporting information provided about each audit. Where regulatory changes are in train which affect the amount of audit work suppliers must undertake, firms will be informed as to which developments should be priced into their bids.
29. The scope of a local audit is fixed. It is determined by the Code of Audit Practice (currently published by the National Audit Office)¹, the format of the financial statements (specified by CIPFA/LASAAC) and the application of auditing standards regulated by the FRC. These factors apply to all local audits irrespective of whether an eligible body decides to opt into PSAA's national scheme or chooses to make its own separate arrangements. The requirements are mandatory; they shape the work auditors undertake and have a bearing on the actual fees required.
30. There are currently nine audit providers eligible to audit local authorities and other relevant bodies under local audit legislation. This means that a local procurement exercise would seek tenders from the same firms as the national procurement exercise, subject to the need to manage any local independence issues. Local firms cannot be invited to bid. Local procurements must deliver the same audit scope and requirements as a national procurement, reflecting the auditor's statutory responsibilities.

Assessment of options and officer recommendation

31. If the Council did not opt in there would be a need to establish an independent auditor panel to make a stand-alone appointment. The auditor panel would need to be set up by the Council itself, and the members of the panel must be wholly or a majority of independent members as defined by the Act. Independent members for this purpose are independent appointees, excluding current and former elected members (or officers) and their close families and friends. This means that elected members will not have a majority input to assessing bids and choosing to which audit firm to award a contract for the Council's external audit.

¹ MHCLG's Spring statement proposes that overarching responsibility for Code will in due course transfer to the system leader, namely ARGAs, the new regulator being established to replace the FRC.

32. Alternatively, the Act enables the Council to join with other authorities to establish a joint auditor panel. Again, this will need to be constituted of wholly or a majority of independent appointees. Further legal advice would be required on the exact constitution of such a panel having regard to the obligations of each Council under the Act and the Council would need to liaise with other local authorities to assess the appetite for such an arrangement.
33. These would be more resource-intensive processes to implement for the Council, and without the bulk buying power of the sector-led procurement would be likely to result in a more costly service. It would also be more difficult to manage quality and independence requirements through a local appointment process. The Council is unable to influence the scope of the audit and the regulatory regime inhibits the Council's ability to affect quality.
34. The Council and its auditor panel would need to maintain ongoing oversight of the contract. Local contract management cannot, however, influence the scope or delivery of an audit.
35. The national offer provides the appointment of an independent auditor with limited administrative cost to the Council. By joining the scheme, the Council would be acting with other Councils to optimise the opportunity to influence the market that a national procurement provides.
36. The recommended approach is therefore to opt in to the national auditor appointment scheme.

The way forward

37. Regulation 19 of the Local Audit (Appointing Person) Regulations 2015 requires that a decision to opt in must be made by a meeting of the Council (meeting as a whole), except where the authority is a corporation sole.
38. The Council then needs to respond formally to PSAA's invitation in the form specified by PSAA by the close of the opt-in period (11 March 2022).
39. PSAA will commence the formal procurement process in early February 2022. It expects to award contracts in August 2022 and will then consult with authorities on the appointment of auditors so that it can make appointments by the statutory deadline of 31 December 2022.

Risk Management

40. The principal risks are that the Council:
 - fails to appoint an auditor in accordance with the requirements and timing specified in local audit legislation; or
 - does not achieve value for money in the appointment process.

41. These risks are considered best mitigated by opting into the sector-led approach through PSAA.

Legal implications

42. Section 7 of the Local Audit and Accountability Act 2014 requires a relevant Council to appoint a local auditor to audit its accounts for a financial year not later than 31 December in the preceding year.
43. Section 8 governs the procedure for appointment including that the Council must consult and take account of the advice of its auditor panel on the selection and appointment of a local auditor. Section 8 provides that where a relevant Council is a local Council operating executive arrangements, the function of appointing a local auditor to audit its accounts is not the responsibility of an executive of the Council under those arrangements.
44. Section 12 makes provision for the failure to appoint a local auditor. The Council must immediately inform the Secretary of State, who may direct the Council to appoint the auditor named in the direction or appoint a local auditor on behalf of the Council.
45. Section 17 gives the Secretary of State the power to make regulations in relation to an 'appointing person' specified by the Secretary of State. This power has been exercised in the Local Audit (Appointing Person) Regulations 2015 (SI 192) and this gives the Secretary of State the ability to enable a sector-led body to become the appointing person. In July 2016 the Secretary of State specified PSAA as the appointing person.

Financial Implications

46. There is a risk that current external audit fee levels could increase when the current contracts end. It is clear that the scope of audit has increased, requiring more audit work. There are also concerns about capacity and sustainability in the local audit market.
47. Opting into a national scheme provides maximum opportunity to ensure fees are as realistic as possible, while ensuring the quality of audit is maintained, by entering into a large scale collective procurement arrangement.
48. If the national scheme is not used some additional resource may be needed to establish an auditor panel and conduct a local procurement. Until a procurement exercise is completed it is not possible to state what, if any, additional resource may be required for audit fees from 2023/24.

Annex 1

18 Smith Square, London, SW1P 3HZ

22 September 2021

To: Mr Bungard, Chief Executive
Gloucestershire County Council

Copied to: Mr Mawson, S151 Officer
Councillor Hay, Chair of Audit Committee or equivalent

Dear Mr Bungard,

Invitation to opt into the national scheme for auditor appointments from April 2023

I want to ensure that you are aware the external auditor for the audit of your accounts for 2023/24 has to be appointed before the end of December 2022. That may seem a long way away but, as your organisation has a choice about how to make that appointment, your decision-making process needs to begin soon.

We are pleased that the Secretary of State has confirmed PSAA in the role of the appointing person for eligible principal bodies for the period commencing April 2023. Joining PSAA's national scheme for auditor appointments is one of the choices available to your organisation.

In June 2021 we issued a draft prospectus and invited your views and comments on our early thinking on the development of the national scheme for the next period. Feedback from the sector has been extremely helpful and has enabled us to refine our proposals which are now set out in the [scheme prospectus](#) and our [procurement strategy](#). Both documents can be downloaded from our website which also contains a range of useful information that you may find helpful.

The national scheme timetable for appointing auditors from 2023/24 means we now need to issue a formal invitation to you to opt into these arrangements. In order to meet the requirements of the relevant regulations, we also attach a form of acceptance of our invitation which you must use if your organisation decides to join the national scheme. We have specified the five consecutive financial years beginning 1 April 2023 as the compulsory appointing period for the purposes of the regulations which govern the national scheme.

Given the very challenging local audit market, we believe that eligible bodies will be best served by opting to join the scheme and have attached a short summary of why we believe that is the best solution both for individual bodies and the sector as a whole.

I would like to highlight three matters to you:

1. if you opt to join the national scheme, we need to receive your formal acceptance of this invitation by Friday 11 March 2022;
2. the relevant regulations require that, except for a body that is a corporation sole (e.g. a police and crime commissioner), the decision to accept our invitation and to opt in must be made by the members of the authority meeting as a whole e.g. Full Council or equivalent. We appreciate this will need to be built into your decision-making timetable. We have deliberately set a generous timescale for bodies to make opt in decisions (24 weeks compared to the statutory minimum of 8 weeks) to ensure that all eligible bodies have sufficient time to comply with this requirement; and
3. if you decide not to accept the invitation to opt in by the closing date, you may subsequently make a request to opt in, but only after 1 April 2023. We are required to

consider such requests and agree to them unless there are reasonable grounds for their refusal. PSAA must consider a request as the appointing person in accordance with the Regulations. The Regulations allow us to recover our reasonable costs for making arrangements to appoint a local auditor in these circumstances, for example if we need to embark on a further procurement or enter into further discussions with our contracted firms.

If you have any other questions not covered by our information, do not hesitate to contact us by email at ap2@psaa.co.uk. We also publish answers to [frequently asked questions](#) on our website.

If you would like to discuss a particular issue with us, please send an email also to ap2@psaa.co.uk, and we will respond to you.

Yours sincerely

Tony Crawley
Chief Executive

Encl: Summary of the national scheme

Why accepting the national scheme opt-in invitation is the best solution

Public Sector Audit Appointments Limited (PSAA)

We are a not-for-profit, independent company limited by guarantee incorporated by the Local Government Association in August 2014.

We have the support of the LGA, which in 2014 worked to secure the option for principal local government and police bodies to appoint auditors through a dedicated sector-led national body.

We have the support of Government; MHCLG's spring statement confirmed our appointment because of our "strong technical expertise and the proactive work they have done to help to identify improvements that can be made to the process".

We are an active member of the new Local Audit Liaison Committee, chaired by MHCLG and attended by key local audit stakeholders, enabling us to feed in body and audit perspectives to decisions about changes to the local audit framework, and the need to address timeliness through actions across the system.

We conduct research to raise awareness of local audit issues, and work with MHCLG and other stakeholders to enable changes arising from Sir Tony Redmond's review, such as more flexible fee setting and a timelier basis to set scale fees.

We have established an advisory panel, which meets three times per year. Its membership is drawn from relevant representative groups of local government and police bodies, to act as a sounding board for our scheme and to enable us to hear your views on the design and operation of the scheme.

The national scheme for appointing local auditors

In July 2016, the Secretary of State specified PSAA as an appointing person for principal local government and police bodies for audits from 2018/19, under the provisions of the Local Audit and Accountability Act 2014 and the Local Audit (Appointing Person) Regulations 2015. Acting in accordance with this role PSAA is responsible for appointing an auditor and setting scales of fees for relevant principal authorities that have chosen to opt into its national scheme. 98% of eligible bodies made the choice to opt-in for the five-year period commencing in April 2018.

We will appoint an auditor for all opted-in bodies for each of the five financial years beginning from 1 April 2023.

We aim for all opted-in bodies to receive an audit service of the required quality at a realistic market price and to support the drive towards a long term competitive and more sustainable market for local audit. The focus of our quality assessment will include resourcing capacity and capability including sector knowledge, and client relationship management and communication.

What the appointing person scheme from 2023 will offer

We believe that a sector-led, collaborative, national scheme stands out as the best option for all eligible bodies, offering the best value for money and assuring the independence of the auditor appointment.

The national scheme from 2023 will build on the range of benefits already available for members:

- transparent and independent auditor appointment via a third party;
- the best opportunity to secure the appointment of a qualified, registered auditor;
- appointment, if possible, of the same auditors to bodies involved in significant collaboration/joint working initiatives, if the parties believe that it will enhance efficiency;
- on-going management of any independence issues which may arise;
- access to a specialist PSAA team with significant experience of working within the context of the relevant regulations to appoint auditors, managing contracts with audit firms, and setting and determining audit fees;
- a value for money offer based on minimising PSAA costs and distribution of any surpluses to scheme members - in 2019 we returned a total £3.5million to relevant bodies and more recently we announced a further distribution of £5.6m in August 2021;
- collective efficiency savings for the sector through undertaking one major procurement as opposed to a multiplicity of smaller procurements;
- avoids the necessity for local bodies to establish an auditor panel and undertake an auditor procurement, enabling time and resources to be deployed on other pressing priorities;
- updates from PSAA to Section 151 officers and Audit Committee Chairs on a range of local audit related matters to inform and support effective auditor-audited body relationships; and
- concerted efforts to work with other stakeholders to develop a more sustainable local audit market.

We are committed to keep developing our scheme, taking into account feedback from scheme members, suppliers and other stakeholders, and learning from the collective post-2018 experience. This work is ongoing, and we have taken a number of initiatives to improve the operation of the scheme for the benefit of all parties.

Importantly we have listened to your feedback to our recent consultation, and our response is reflected in [the scheme prospectus](#).

Opting in

The closing date for opting in is 11 March 2022. We have allowed more than the minimum eight-week notice period required, because the formal approval process for most eligible bodies is a decision made by the members of the authority meeting as a whole [Full Council or equivalent], except police and crime commissioners who are able to make their own decision.

We will confirm receipt of all opt-in notices. A full list of eligible bodies that opt in will be published on our website. Once we have received an opt-in notice, we will write to you to request information on any joint working arrangements relevant to your auditor appointment, and any potential independence matters which may need to be taken into consideration when appointing your auditor.

Local Government Reorganisation

We are aware that reorganisations in the local government areas of Cumbria, Somerset, and North Yorkshire were announced in July 2021. Subject to parliamentary approval shadow elections will take place in May 2022 for the new Councils to become established from 1 April 2023. Newly established local government bodies have the right to opt into PSAA's scheme under Regulation 10 of the Appointing Person Regulations 2015. These Regulations also set out that a local government body that ceases to exist is automatically removed from the scheme.

If for any reason there is any uncertainty that reorganisations will take place or meet the current timetable, we would suggest that the current eligible bodies confirm their acceptance to opt in to avoid the requirement to have to make local arrangements should the reorganisation be delayed.

Next Steps

We expect to formally commence the procurement of audit services in early February 2022. At that time our procurement documentation will be available for opted-in bodies to view through our e-tendering platform.

Our recent webinars to support our consultation proved to be popular, and we will be running a series of webinars covering specific areas of our work and our progress to prepare for the second appointing period. Details can be found on [our website](#) and in [the scheme prospectus](#).

Appointing Period 2023/24 to 2027/28

Form of notice of acceptance of the invitation to opt in

(Please use the details and text below to submit to PSAA your body's formal notice of acceptance of the invitation to opt into the appointing person arrangements from 2023)

Email to: ap2@psaa.co.uk

Subject: **Gloucestershire County Council**

Notice of acceptance of the invitation to become an opted-in authority

This email is notice of the acceptance of your invitation dated 22 September 2021 to become an opted-in authority for the audit years 2023/2024 to 2027/2028 for the purposes of the appointment of our auditor under the provisions of the Local Audit and Accountability Act 2014 and the requirements of the Local Audit (Appointing Person) Regulations 2015.

I confirm that **Gloucestershire County Council** has made the decision to accept your invitation to become an opted-in authority in accordance with the decision making requirements of the Regulations, and that I am authorised to sign this notice of acceptance on behalf of the authority.

Name: **[insert name of signatory]**

Title: **[insert role of signatory]** (authorised officer)
