

'The International Framework: Good Governance in the Public Sector' defines 'governance' as comprising the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved. The framework also states that to deliver good governance in the public sector both governing bodies and individuals working for them must try to achieve the Council's objectives while acting in the public interest at all times.

Core Principles	(A) Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law	(B) Ensuring openness and comprehensive stakeholder engagement	(C) Defining outcomes in terms of sustainable economic, social, and environmental benefits	(D) Determining the interventions necessary to optimise the achievement of the intended outcomes	(E) Developing the Council's capacity, including the capability of its leadership and the individuals within it	(F) Managing risks and performance through robust internal control and strong public financial management	(G) Implementing good practices in transparency, reporting, and audit to deliver effective accountability
