

Work together to support families and schools to give every child the best possible chance of a remarkable life, especially those children who are disadvantaged and vulnerable

Right Child, Right Support, Right Time, Every Time

Social Care & Early Help Improvement – Focus on Practice

1. Introduction

Significant progress has been made in many areas of Gloucestershire's Children's Services since the last inspection in 2017, when the local authority was judged to be inadequate overall. However, services for children are not consistently good.

Services for children in need of help and protection, children looked after, and care leavers in Gloucestershire were inspected by Ofsted in February 2022. The overall judgement was that services for these children 'require improvement'.

Our approach will consolidate the improvement to date and reset our ambition for continued improvement. We will ensure that we deliver a consistently high quality service by spreading what we do well to all elements of our service and the children and families we are in touch with. We must go further if we are to deliver a step-change that will build sustainably good outcomes, we will do this through leadership & practice development, innovation and partnership that will ensure we have met the Ofsted recommendations and responded to Ofsted's findings .

This Improvement plan will be submitted to Ofsted by 15 July 2022, after it has been signed off by Cabinet on 22nd June. Thereafter, this plan will be monitored and reviewed through the following governance levels:

This Continuous Improvement plan is overseen by Children's Services SLT, updating and reporting in turn to the:

- Children's Services Oversight Board, chaired by the Leader of the Council
- Corporate Leadership Team (CLT), chaired by the Chief Executive
- Continuous Improvement Board, chaired by the Deputy Chief Executive
- Children & Families Overview Scrutiny committee

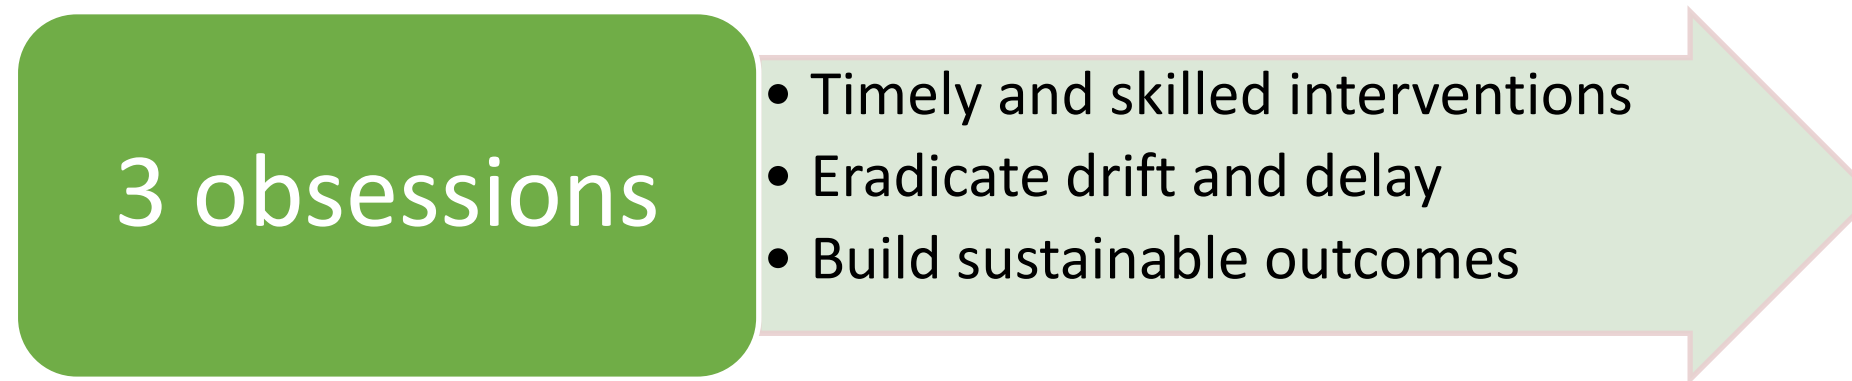

This continuous Improvement plan is our response to the five Ofsted recommendations (in bold in the plan):

- **The timeliness and application of consistent thresholds for child protection strategy meetings**

- **The suitability of accommodation for care leavers to meet their needs, including to feel safe**
- **The quality of case supervision and management**
- **The timeliness with which personal advisers are allocated to children, to best support their transition into adulthood**
- **How well IT systems support social workers to do their jobs**

This plan which focuses on practice for children Social Care and Early help, also covers areas for improvement highlighted by Ofsted and in our Self-evaluation; we have built this plan around three obsessions:

- Timely and skilled interventions
- Eradicate drift and delay
- Build sustainable outcomes

2. Vision, Values, Behaviours, Guiding Principles

The vision for Gloucestershire Children Services is

Work together to support families and schools to give every child the best possible chance of a remarkable life, especially those children who are disadvantaged and vulnerable.

Right Child, right support, right time, every time

We will be **accountable** for our actions and decisions; be honest, learn and act with **integrity**; practice in a way that is **respectful** and **empowering** for children and families, enabling individuals to be the architects of their own solutions and will be relentless in our pursuit of excellence

For Social Care and Early Help, this means in particular that we will:

- do everything we can to enable children and young people to thrive within their family and community, supporting independence and enabling children to grow up to live remarkable lives
- collaborate with families and partners to prevent harm and protect children and young people
- be involved when needed for as long as is needed
- promote inclusion and belonging; helping to make Gloucestershire a place where all our children and young people see their future
- act on what children and young people tell us is needed, developing services with children, young people and families
- use language that cares
- challenge discrimination and inequality whenever we see it

- We prioritise, and are responsive to, the safety and wellbeing of children and young people.
- Our interventions will be strengths based, evidence informed and proportionate, in the interests of children, young people and families, and will not over-intervene in the life of the family.
- We will enable children to grow up within their families, unless evidenced to be harmful, and will not over-intervene in family life.
- We will empower families to identify their own solutions and support them to achieve the change they want for themselves and their children.
- We will actively pursue engagement and involve children, parents, families and partners in our assessments, plans, decisions and interventions. Their voice will be prominent throughout. We work 'with' children, young people, families and communities through constructive, respectful and restorative relationships.
- Children, young people and families know more about their lives than we do, and services alone are rarely the solution. So, by working together we aim to understand, equip, empower and enable people by helping them to access and use the resources inside, around and between them.
- Children and young people will enjoy an enduring sense of legal, physical and psychological safety and stability which we call 'permanence'.
- Each of us is accountable for delivering an effective, and ever-improving, service in the best interests of children, young people and families.
- We value diversity and respect difference because it enriches our understanding of each other. Our practice is therefore inclusive, ethical and anti-oppressive.

3. Improvement Plan

Aim: Focus on Practice

Priorities:

- Timely and skilled interventions
- Eradicate drift and delay
- Build sustainable outcome

Aim of the plan	Deliver the best outcomes for children and families through building a sustainably good children's service	
Priorities	1.	Timely and skilled interventions: 1.1 Workforce Recruitment and Retention 1.2 Practice standards and Essentials 1.3 Virtual School and quality of ePEPs 1.4 Care Leaver accommodation & transition to adulthood 1.5 Domestic Abuse
	2.	Eradicate drift and delay 2.1 Quality and Pace of decision making / Supervision & Management oversight 2.2 Strategy meetings 2.3 ICT 2.4 Neglect 2.5 Extra familial harm
	3.	Build sustainable outcomes 3.1 Life Story work 3.2 NEET 3.3 Early Help Services 3.4 Sufficiency of placement and fostering 3.5 Family resilience 3.6 DCYP

	1.1 Workforce Recruitment and Retention			Lead: Ann James			
Rationale	Ofsted inspection February 2022 <ul style="list-style-type: none"> Some children experience too many changes of social worker. This does not help them to build a trusting relationship with their social worker 						
Comment about overall status	Turnover and Agency rate remain high. Social Worker stability has decreased marginally over the last month (86.5% of children had fewer than 3 Social Workers in the last 6 months). The number of children open to social care raised to 4,642 in September, this is very close to the highest number to date (4650 in June)), this over 12% higher than the monthly average prior to the pandemic (4,114). Objectives	<ul style="list-style-type: none"> Reduce the numbers of changes of SW children experience so that children are able to build and keep sustainable relationships with social workers Recruit and retain experienced social work qualified staff (SWs, SSWs, APs and TMs) Recruit and retain ASYEs (Assessed and Supported Year in Employment) Ensure Gloucestershire becomes a place where social workers want to train, work and grow 			Deliverables		<ul style="list-style-type: none"> Workforce Strategy 2022/2024 Revised career progression policy Improved job microsite Improved HR recruitment process and on-boarding Improved induction Promotion campaign / activities Frontline Management Development Programme 	
Progress made this period:	<ul style="list-style-type: none"> Further work done on Workforce strategy New agency contract awarded, due to go live in December 22 Director of Safeguarding continues to meet with front line SW / ASYEs every Friday The Academy curriculum and progression routes paper has been drafted and submitted to Children's Services LTM on the 29th Sept for finalisation. This includes all formal learning and development opportunities across all levels of children's social care from student to director. LTM agreed a number of amendments / additions , revised document will be brought back to LTM for sign off. Deep dive on workforce presented and discussed at September CIB Induction: SW Academy has now identified resource to work on day 1 programme delivery 			Actions next period:		<ul style="list-style-type: none"> Sign-off workforce strategy. Sign off of Academy curriculum and progression routes by Children's Services LTM and then it will be designed, publicised on Academy website and launched across the service Develop a similar pathway for Early Help staff curriculum and progression routes paper. All permanent senior managers to attend Systemic Practice Leaders programme from October 2022. Implement re-modelling starting with Area Manager level 	

- Area Manager post profile reviewed and to be submitted for Evaluation

Key Actions, Owners and Timescale		
Key Actions	Owners	Timescale
Review and launch new workforce strategy, building on successes of past and amplifying those routes that evidence greatest impact for Gloucestershire	Ann James / SWFPG / Nina Willenberg	September 2022
Revise career progression policy to develop a talent pipeline into senior and advanced practitioner roles, leadership and management positions as part of the workforce strategy	Ann James / Rob England	September 2022
Improve Job microsite	Catriona Dry	June 2022
Improve HR recruitment process and on-boarding	Catriona Dry	July 2022
Tender and award new agency contract	Bhavnita Patel / Tom Underwood	December 2022
Design / scope frontline management programme (APs / TMs)	Fiona Walker	September 2022
Review current MLDP	Fiona Walker / Rob England	September 2022
Review induction offer and deliver consistent induction for all staff (permanent and agency)	Rob Tyrrell / Tom Underwood	September 2022
Identify what people value about working for GCC and what help them to stay	Rob Tyrrell	November 2022
Arrange weekly meet with the Director meeting for staff	Ann James	May 2022
Communication and engagement activity about Improvement and Transformation programme	Children's Service SLT / Clarisse Forgues / Sam James	July 2022
Implement remodelling of assessment and safeguarding teams as part of wider transformation to reduce handoffs and have more manageable workloads	Ann James / Areas Directors	September 2022

1.2 Practice Standards and Essentials				Lead: Ann James			
Rationale	<p>Ofsted inspection February 2022:</p> <ul style="list-style-type: none"> For a minority of children, assessments are not always completed in a timely way. Therefore, some children's experiences within their family are not understood early enough and their needs and risks not fully identified or responded to as quickly as they could be. For some children a lack of timescales in plans limits how well progression can be monitored. A minority of children's plans lack focus on their specific needs and are built on generic actions rather than outcomes and aspirations for children. There are a small number of pathway plans that are not always updated when young people's circumstances change. Some pathway plans do not routinely include the input of other involved agencies and parties, and this is a missed opportunity to gather partnership views and to share information. When learning is identified from audits that the local authority rates as stronger, there is currently no system for using this to further improve services for those children whose cases have been audited. This is a lost opportunity. 						
Comment about overall status	Whilst practice rated as inadequate have decreased and are better than target for the third month running (target is 9%), the rate of practice rated as good or outstanding has continue to fluctuate and has yet to achieve the target of 50%.			Actions status		Impact Status	
				In progress		In progress	
				■ On target	X	■ On target	
				◆ At risk		◆ At risk	X
				▲ Compromised		▲ Compromised	
Reporting period:	15 August 2022	To	20 October 2022	● Completed		● Completed	
Objectives	<ul style="list-style-type: none"> Improve the quality and impact of social work practice: <ul style="list-style-type: none"> Timely, purposeful visiting and direct work which champions the voice of the child Assessment of needs, risks and circumstances reflect the Essentials 'Anchor' and 'Risk' principles C-SMART, adaptive and effective planning and reviewing Records are written with a view that the young person or their family may request and need to understand this information in the future. Up to date, clear and comprehensive recording 			Deliverables		<ul style="list-style-type: none"> Practice standards aligned with QA framework and systemic principles and provides clear expectations to SWs / TMs Best practice library / webinars / workshops aligned to practice standards ICS system enabling consistent recording and data collection "Conditions for Success" based on Learnings from Good / Outstanding audits 	
Progress made this period:	<ul style="list-style-type: none"> To date 379 Direct Work kits have been given out to workers. During September & October Stroud, Cotswold and DCYPS were visited. Team resources have been ordered and delivered to Forest, Tewkesbury & Fostering Service. The QA process continues to focus on the respective sections (Risk, Assessment, Planning, Purposeful Visiting, and Management Oversight) of the Essentials 2.0 principles. These areas are highlighted in the Quality of Practice section of the QA report. Practice standards for Social Care and Early Help, including quality and compliance with regard to equality and diversity have been signed off by LTM The Academy curriculum and progression routes paper has been drafted and will be submitted to Children's Services LTM on the 28th Sept for finalisation QA framework with SLT for further consideration, this includes the establishment of the QA strategic group (this group will oversee operational planning to implement the changes) Model for team based serious success reviews in development with Cotswolds teams based on key findings from good / outstanding audits and positive feedback examples. 			Actions next period:		<ul style="list-style-type: none"> Sign off QA framework (expected mid November) C-SMART planning session to be added to the lunch time learning programme and to be delivered in November. First local SSR event (Cotswold) to commence November 2022 informed by Systemic Practice developments and key themes incorporated into learning lunch programme in new year 2023. Practice Standards to go through the design process in preparation for roll out.

1.4 Care Leavers' accommodation & transition to adulthood		Lead: Mark Bone			
Rationale	<p>Ofsted inspection February 2022</p> <ul style="list-style-type: none"> Personal advisers (PAs) are not allocated to care experienced young people until after their 18th birthday. Care experienced young people spoken to by inspectors were not aware of the offer, nor was there evidence of their awareness in their electronic case files. A few care experienced young people over 18 do not live in suitable accommodation. On a very few occasions this has included bed and breakfast accommodation. A few young people live in such unsuitable accommodation for too long. Not all care experienced young people feel safe where they are living when in unsuitable accommodation. When young people live in homes of multiple occupancy, the potential risks that may be posed to them and others from shared living are not fully considered or recorded. 				
Comment about overall status	<p>Most care experienced young people live in homes categorised as 'suitable' (87.7%), this has decreased since June (91.6%).</p> <p>Work has re-started on the Social Care remodelling following the Ofsted inspection. Options have been reviewed and costed. We are aiming for a model which allow us to allocate a PA to all eligible children / young people</p>	Actions status		Impact Status

	2.1 Quality and Pace of Decision making / Supervision & Management oversight	Lead: Ann James
--	---	------------------------

Rationale	<p>Ofsted inspection February 2022</p> <ul style="list-style-type: none"> Plans are not always informed by sufficient or clear management direction. Managers who have the initial oversight of referrals about children do not record a clear rationale for decisions about next steps for social workers. Some children experience repeated contacts and referrals before they get the help they need. Lack of management oversight have led to delays in progressing child protection and child in need plans for some children. The frequency and quality of the case supervision received by social workers are variable. In too many children's cases, it lacks reflective analysis and sufficient management direction. Records are lacking in challenge where there is delay and rarely reflect children's experiences as well as they should. For some children who are privately fostered there is a lack of clarity about children's living arrangements and what needs to happen. Most children experience a delay in initial visiting with no rationale as to why. There is a lack of manager oversight to address these issues to make improvements for children. For a minority of children, there is a lack of timely management oversight to approve supervision order, return home to parents. The quality of social work supervision across teams is inconsistent and needs to improve. Although supervision is generally timely, it does not consistently provide social workers with time to reflect on the progress they are making for individual children or always give them the added direction they need from their managers. Actions identified by audits are not always followed through and managers do not monitor implementation to ensure that learning from audits is used to drive progress. 							
Comment about overall status	<p>The number of contacts being received remains high, 2,830 in September compared with a monthly average of 2,177 in 2019/20).</p> <p>Timeliness of initial and end-to-end decision making continues to fluctuate (70% against a target of 90%). Decisions were timely for 87.3%% of children whose contact was Red rated .</p> <p>Timely supervision of children's case progress, evidencing practice oversight, has plateaued to around 83% over the last few months against a target of 95%.</p> <p>Meeting the needs of Ukrainian families remains an additional pressure on the Fostering service</p>	Actions status		Impact Status

					■ On target	X	■ On target	
					◆ At risk		◆ At risk	X
					▲ Compromised		▲ Compromised	
				● Completed		● Completed		
Objectives	<ul style="list-style-type: none"> Management oversight is robust, timely and evident to ensure: <ul style="list-style-type: none"> Team managers set C-SMART actions with a clear rationale and review at an early stage. Team managers ensure that plans are progressed in a timely way and where not, they will take remedial action. Team managers ensure that actions they set and action agreed through audit are completed in a timely way. Team managers and social workers prioritise protected time within which they are tasked, guided, advised, challenged and supported through supervision which enables them to deliver effective practice through progressing work effectively and in a timely way. Where there are repeated delays for children, leaders will analyse this to understand the reasons and take appropriate action Private Fostering to be recognised and responded to at an early stage so that children and carers needs are assessed and met. Ensure there is a consistent understanding of the legal framework for private fostering 				Deliverables	<ul style="list-style-type: none"> Review current Management Oversight Tool Reviewed supervision policy Revised frontline manager training programme to include focus on quality, timely management oversight and supervision Private Fostering plan - awareness raising and training in GCC policy and statutory framework 		
Progress made this period:	<ul style="list-style-type: none"> The work to update the Supervision Policy has been completed , the supervision policy has been signed off by LTM. The current supervision form will be removed from the system and manager will record their supervision within case notes. DTM started in October to focus on Private Fostering On-going monthly report to LTM on proceeding. Quarterly proceeding meetings in place (two held: July and October). Meeting chaired by Ann J ; focus of the meetings are on timeliness, need for expert witnesses, identify themes from Cafcass feedback etc... Meetings are attended by all heads of service and lawyers Lunch time learning on Early Permanence (all permanence options: Private Fostering , Reg 24, Section 20 etc) took place in October (attended by about 95 people) . Resources added to the dedicated Learning Lunch 'Bite Size Learning' area of the SW Academy website. 				Actions next period:	<ul style="list-style-type: none"> Private fostering TM to start early December Complete the revision of QA framework Appreciative Enquiry being piloted by Director and a Head of Service in view of developing a video / short film to be cascaded to teams The plan is to "go live" with the revised supervision policy in December and the Academy staff will follow up in localities with TM's to Dec and Jan to ensure this lands across the system. Actions required before "go live" are: 2 minor changes to LCS and work with the Data and Performance Team to ensure reporting can be maintained following the change Next Quarterly proceeding meeting to be held in January

2.2 Strategy Meetings			Lead: Karen Goulding						
Rationale	Ofsted inspection February 2022 <ul style="list-style-type: none"> When safeguarding concerns are identified, managers do not ensure that consistent thresholds are applied to convene child protection strategy meetings and investigations. When children already have a social worker and new concerns emerge, there are sometimes delays in arranging child protection strategy meetings. 								
Comment about overall status	Since May, the number of children on protection plan has been reducing from a peak of 897 in May to 765 children subject to a protection plan in September. The pace of Strategy Discussions has been following a declining trend since October (59.5% against a target of 85% and down from 92%).					Actions status		Impact Status

	2.3 ICT										Lead: Andy Dempsey/Karl Grocock										
Rationale	<p>The Ofsted inspection (February 2022) highlighted some concerns about ICT as it supports effective practice:</p> <ul style="list-style-type: none"> There remains a gap in what can be delivered to ensure that frontline managers have consistent access to up-to-date information that enables them to do their jobs effectively. This, alongside system stability and accessibility, continues to have an impact on progress. These challenges also have a negative impact on the generally positive morale of staff. They are a very real frustration for staff as they can sometimes hamper their ability to do their jobs as efficiently and effectively as they otherwise might.

	2.4 Neglect	Lead: Kanchan Jadeja		
Rationale	Neglect is a key driver for our safeguarding work and we are working to embed our use of the "Neglect Toolkit". Commencing at the point of contact, the "Neglect Toolkit" is opened with the Assessment Teams as necessary. This has been supported by a series of roadshows and workshop activities to explore how the Toolkit can inform our assessment, planning, intervention and review processes. The recent audit of contacts into MASH highlighted the low levels of use of the Neglect Toolkit by partners across the system. Work is now underway via the Safeguarding Partnership to explore how this can be improved, including embedding thematic issues such as neglect within exiting partner processes.			
Comment about overall status	The Neglect toolkit continues to be under-utilised at contact. Of the 124 contacts relating to Neglect from professional referral sources in September, neglect toolkits were completed for 1 child (1%).	Actions status	Impact Status

3.1 Life Story work										Lead: Tammy Wheatley															
Rationale	<p>Ofsted inspection February 2022</p> <ul style="list-style-type: none"> For most children who have been looked after for many years, there is very little evidence of life-story work to help them to understand their journeys into care or to assist them to make sense of any trauma they may have experienced before coming into care. Children's later-life letters are generally not sufficiently sensitively written. A child or adult reading their letter later in life may well struggle to clearly understand their journey into and through care. Although letters do provide a basic chronological account of key life events, they do little to make sense of them, to place them in a wider context or to draw out the positive experiences, achievements and relationships in children's lives 																								
Comment about overall status	Efforts to improve the quality of life story work for children in care have borne fruit but not yet for all children and young people.										Actions status					Impact Status

		3.3 Early Help Services		Lead: Emma Trigwell			
Rationale	Ofsted inspection February 2022: Children and their families benefit from a comprehensive offer of early help services provided by the local authority. Children's early help assessments identify needs well, but subsequent plans are not always informed by sufficient or clear management direction. Early help plans identify the right outcomes and levels of support needed for children, although the quality of plans is not consistently strong. There are effective systems in place to ensure that children are stepped up or down between the thresholds in line with their needs

			● Completed		● Completed		
Objectives	<ul style="list-style-type: none"> To ensure all children have access to high quality early interventions across the spectrum of services. To continue to improve the understanding of the early help offer across the partnership and strategic alliance with the principals within Clear Early intervention services in place and publicised. FGC offer that is understood, published and accessed across the levels of intervention. Better data sharing agreements in place across core services in order to facilitate a systemic approach to family and community need in turn resulting in support being offered at the lowest levels and earliest points for children and families. To ensure that Family Support Standards are understood and embedded across the service Improved data dashboards which are reflective of the activity across the services. 			Deliverables	<ul style="list-style-type: none"> Early Help Strategy - written and signed up to across the partnership Reviewed QA framework for both Targeted and Advice and Guidance elements of the service to test and evidence impact. Reviewed current Graduated Pathway with partners to ensure it meets the need and explore digitisation of the paperwork Training with partners and bespoke sessions to improve awareness of early help agenda and develop quality assessments and plans that are impactful for families Communications plan internally and externally with partners All GCC service areas to record interventions and outcomes using the EHM system A clear and accurate data dashboard available across the GCC EH services 		
Progress made this period:	<ul style="list-style-type: none"> FSW standards have been merged with social care standards, to create practice standards for Social Care and Early Help. These have been produced and shared with LTM in September. First meeting of the EH subgroup was convened in September, work on gathering the information for the EH strategy initiated. Baseline data gathered to inform the development of the priorities for the strategy EH strategy: Principals, ambitions and priorities have been drafted and these are being reviewed by the group ready for feedback on the 4th November. The Local and national context is in the process of also being drafted. Review started of the support provided by our in-house advice and guidance services and systems used to record; this has been completed for community Social workers, next steps will be a pathway for Early Help co-ordinators to record. Graduated pathway: having benchmarked 10 outstanding authorities it has become clear that not one has a solution for the management of their EH assessments across the partnerships. We have had a demo of one system that Devon are using but this sits outside our current systems and so options are further explored with LL. 			Actions next period:	<ul style="list-style-type: none"> EH sub group are meeting again on the 4th November and will provide an update to the Coalition at the end of November. The Local and national context or the EH strategy to be drafted. Graduated pathway: looking at how we engage with the wider users of the GP and will hold some events to gain some feedback on the current process, the paperwork and digital options. Pursue work to review data, resolving data issues and to produce data report for FGC, CSW and Triple P services. Continue exploring the possibility of an EH data report as the current Children's one doesn't capture much detail relating to EH.

3.4 Sufficiency of placement and fostering	Lead: Ann James
---	------------------------

Rationale	Ofsted inspection February 2022 <ul style="list-style-type: none"> • There is not a sufficiently wide range and choice of placements available to meet the needs of all children in care, and, as a result, a small minority of children in larger family groups continue to live in unsuitable arrangements while the right home is found • Some children have experienced more moves than they should have as a result of being placed in an emergency placement at the point of coming into care due to the lack of a suitable placement being available at that point, and then waiting to move when one becomes available. • Some children who are in stable long-term placements also wait too long to be formally matched for permanence with their carers. • Placement sufficiency remains a challenge. A few children are waiting too long for placements that are well matched to their needs. At the time of the inspection, there was one child in an unregistered children's home. 																											
Comment about overall status	There were 869 children in care at the end of September (872 at end of August). Demand remains high and equates to a 20% rise compared with the 2019/20 monthly average and of 12% compared with 2020/21.		<table border="1"> <thead> <tr> <th colspan="2">Actions status</th> <th colspan="2">Impact Status</th> </tr> </thead> <tbody> <tr> <td>In progress</td> <td></td> <td>In progress</td> <td>X</td> </tr> <tr> <td>■ On target</td> <td>X</td> <td>■ On target</td> <td></td> </tr> <tr> <td>◆ At risk</td> <td></td> <td>◆ At risk</td> <td></td> </tr> <tr> <td>▲ Compromised</td> <td></td> <td>▲ Compromised</td> <td></td> </tr> <tr> <td>● Completed</td> <td></td> <td>● Completed</td> <td></td> </tr> </tbody> </table>		Actions status		Impact Status		In progress		In progress	X	■ On target	X	■ On target		◆ At risk		◆ At risk		▲ Compromised		▲ Compromised		● Completed		● Completed

QAF: Family and family owned safety plan (tbc)																											

3.6 DCYP										Lead: Sue Hall															
Rationale	<p>Ofsted inspection February 2022</p> <ul style="list-style-type: none"> Work with disabled children demonstrates an understanding of risk and need that is evidenced in assessments that are detailed and generally timely. There is a focus on the children's needs, leading to focused multi-agency plans that improve outcomes for children. <p>Whilst positive feedback has been received from Ofsted on our work with disabled children, we know we need to do more for children / young people with disabilities and their families.</p>																								
Comment about overall status	A business case has been submitted to increase the service as part of MTFs process .										Actions status					Impact Status									
											In progress					In progress					X				
											■ On target					X					■ On target				
											◆ At risk										◆ At risk				
											▲ Compromised										▲ Compromised				
Reporting period:	15 August 2022					To	20 October 2022					● Completed					● Completed								
Objectives	<ul style="list-style-type: none"> To provide an enhanced quality of service for children and families (including streamlined pathway and specialist assessment at an earlier stage where necessary) To better evidence early help and short breaks impact for disabled children and their families To ensure disabled children and their families have access to the information they need and know how to access support To ensure eligibility criteria to access DCYP statutory service are clear to families, consistently applied by professionals and available as part of our Local Offer 										Deliverables					<ul style="list-style-type: none"> Review of DCYP service structure and a business case for reviewed structure Simplified pathway for access to children social care services, whether through localities or DCYPS Improved local offer Local offer communication plan Revised eligibility criteria 									
Progress made this period:	<ul style="list-style-type: none"> Eligibility criteria reviewed and presented for discussion with parents/carers (18 August) . Further work undertaken in response to consultation Deaf-blind duty: Within existing pathway – CSPA to DCYPS for procurement, through Commissioning, of external provider. 										Actions next period:					<ul style="list-style-type: none"> Pathway to access DCYP service: the next phase has co-dependencies that may need to be resolved as part of wider transformation. Eligibility criteria document to be considered for sign-off by SLT November 2022 Deaf-blind duty : in due course, and subject to MTFs, CSPA to DCYPS for completion by in-house specialist. Develop indicator for timely transition to Adults service
