1. Introduction

- 1.1 The Counter Fraud Team (CFT) sits within the Audit Risk Assurance (ARA) shared service. It comprises of three fully qualified counter fraud and risk management specialists.
- 1.2 This summary document details the CFT's end of year progress against high level workstreams for Gloucestershire County Council (GCC).
- 1.3 The report covers the following areas:
- Referral and case statistics;
 - High level workstreams identified by the original plan;
 - Individual actions identified by the original plan; and
 - Annual fraud transparency data 2022-23.

2. Referral and Case Statistics

- 2.1 Information recorded on the CFT's case management system (OPUS) shows that within 2022-23:

35 new referrals relating to GCC

16	Referrals resolved following triage, initial investigation, provision of advice
1	Referral remains open for triage (initial investigation)
18	Referrals converted into cases (full investigation under Terms of Reference)

40 cases worked on (including carried forward from previous years)

10	2022/23 cases resulted and closed in-year, 8 carried forward into 2023/24
18	Pre-2022/23 cases resulted and closed, 4 carried forward into 2023/24
12	Cases remain open under active investigation

- 2.2 In-year recoveries from ongoing and historic CFT investigations totalled £31,479 across 14 proven frauds and irregularities. It should be noted that recoveries are not necessarily made in the same year the investigation was "proven" and may continue across multiple subsequent years.
- 2.3 Additionally, GCC has recovered £2,384 from Blue Badge misuse investigations.
- 2.4 Not all investigations (for example conduct, non-compliance and ethics issues) can have an assessed value attached to them or result in the recovery of monies. CFT investigations, analytics and consultative work may add value in other ways such as providing assurance to members and residents, reducing Council vulnerabilities and mitigating risk.
- 2.5 In addition to the above, counter fraud advice and alerts are routinely provided outside of the creation of referrals and cases. 33 intelligence alerts were provided in 2022-23.

3. High Level Workstreams

2.6 High level workstreams cover the core business of the CFT. They must necessarily be the CFT's priority.

2.7 It should be noted that many of the areas marked 'completed' are repeated annually.

4. Progress against Action Plan

2.8 Action Plan items are strategic in nature and aligned to the Fighting Fraud and Corruption Locally (FFCL) 2020 strategy for local government. They represent work beyond the core business.

2.9 Key for action plan tables:

- GREEN** = completed
- AMBER** = partially complete
- RED** = not started
- WHITE** = pending

FFCL Pillar - Govern

Robust arrangements and executive support ensure anti-fraud, bribery and corruption measures are fully embedded and working.

Area	Objective	Method	Outcome	Completion
Document CFT processes	Conduct annual review of counter fraud policies	Produce an ARA CFT Annual CF Action Plan (this document).	Plan produced, awaiting approval	Q3
Counter Fraud Case Management	Review Case Management System and update	Review and improve CFT's OPUS case management system, to include more streamlined and targeted reporting into partners and clients.	Not started	Q4

Area	Objective	Method	Outcome	Completion
All	The above actions will ensure every element of the 'protect' pillar are considered and addressed			

5. Local Government Transparency Return 2022-23

- 2.10 The report above covers work carried out by the CFT. The Council also has access to the services of the Counter Fraud and Enforcement Unit. The CFT reports annually on this combined counter fraud function in accordance with the Local Government Transparency Code 2015:

(7b) Local Government Transparency Code 2015

Introduction

This Code is issued to meet the Government's desire to place more power into citizens' hands to increase democratic accountability and make it easier for local people to contribute to the local decision making process and help shape public services.

Transparency is the foundation of local accountability and the key that gives people the tools and information they need to enable them to play a bigger role in society. The availability of data can also open new markets for local business, the voluntary and community sectors and social enterprises to run services or manage public assets.

Detecting and preventing fraud (taken from Annex B of code)

Tackling fraud is an integral part of ensuring that taxpayers' money is used to protect resources for frontline services. The cost of fraud to local government was estimated within the FFCL strategy in 2020 as £2.1 billion a year although it was thought to be underestimated at the time. In 2017 the Annual Fraud Indicator produced by Crowe Clark Whitehill, in collaboration with Experian and the Centre for Counter Fraud studies at the University of Portsmouth, estimated that the true figure may be as high as £7.8bn from a total of £40.4bn for the public sector as a whole. Every pound lost to fraud is a pound not spent on supporting local communities and is money that can be better used to support the delivery of front-line services and make savings for local taxpayers.

A culture of transparency should strengthen counter-fraud controls. The Code makes it clear that fraud can thrive where decisions are not open to scrutiny and details of spending, contracts and service provision are hidden from view. Greater transparency, and the provisions in this Code, can help combat fraud.

Local authorities must annually publish the following information about their counter fraud work (as detailed for Stroud District Council) in the table overleaf:

Question	Gloucestershire County Council Response
Number of occasions they use powers under the Prevention of Social Housing Fraud (Power to Require Information) (England) Regulations 2014, or similar powers.	0
Total number (absolute and full time equivalent) of employees undertaking investigations and prosecutions of fraud.	The Council has access to 3 accredited counter fraud specialists / investigators (2.7 FTE).
Total number (absolute and full time equivalent) of professionally accredited counter fraud specialists.	The Council has access to 3 accredited counter fraud specialists / investigators (2.7 FTE).
Total amount spent by the authority on the investigation and prosecution of fraud.	Approximately £54,432 in staff time from ARA.
Total number of fraud cases investigated.	44
Total number of cases of irregularity investigated.	64

2.11 In addition to the above, it is recommended that local authorities should go further than the minimum publication requirements set out above (as detailed for Stroud District Council) in the table below:

Question	(a) Fraud	(b) Irregularity
Total number of occasions on which a) fraud and b) irregularity was identified.	14	35
Total monetary value of a) the fraud and b) the irregularity that was detected.	£21,560	£20,862
	Total: £42,422 (Excluding ongoing cases where value is currently not known)	
Total monetary value of a) the fraud and b) the irregularity that was recovered	£23,585	£10,278
	Total: £33,863 (Includes monies recovered in year but related to previous years. Excludes ongoing cases and recoveries not made within 2022/23)
